

Lundy Home Learning - 26/11/2020

Dear Parents/carers,

We have enjoyed designing and creating our Roman pots, we found it tricky at first to shape and smooth the pots but they turned out really well. We have been working hard on long multiplication and are becoming much more confident in solving multiplication problems. In Science, we had a go at building our own switches using pins and paper clips, which worked really well.

Miss Rhoads

Home learning:

Word of the week:

encourage

Explain to someone at home what our word of the week means and try and use it as much as you can and get ready to share in class next Friday!

Reading:

Carry on reading to an adult at least 4 times a week and ask your adults if you come across any unknown words.

My Maths:

Log in to My Maths and complete the lessons and tasks that I have set you.

Roman Shield:

Continue working on your Roman shield, sword and helmet and email your work in to lundy@bishopstawton-primary.org
