

Home Learning - Week 14

WOW! What a fantastic Christmas Play, well done to all the children and thank you to all the parents for the fantastic costumes.

- In literacy we have been writing our own stories based on I Love Bugs.
- In Maths we have been exploring place value.
- In Science we have learnt about simple food chains based on habitats.
- In ICT we have been looking at technology around our school and what we think technology will be like in the future.

Reverse Advent Calendar

As a school, we are thinking about giving back this Christmas, as well as getting excited about what we might receive! **We are asking for each child to donate a good quality toy, book or game to contribute to a Reverse Advent Calendar. Each class will have a box for donations from Monday 2nd December. Please do not buy anything new to donate, we would like you to recycle items that your child may have outgrown/lost interest in.**

The donations will be given to **The Caroline Thorpe children's ward at North Devon District Hospital, North Devon Hospice shop or The British Heart Foundation shop.** We will discuss where our donations are going and why we have decided to make Reverse Advent Calendars in school. **If you would like to find out more about this at home, please follow the link: <https://www.goodtoknow.co.uk/family/reverse-advent-calendar-94087>**
