# Y3 Week 18 Home Learning

Maths: We have been exploring problem solving this week

Task:

Maze 100

In this maze there are numbers in each of the cells. You go through adding all the numbers that you pass. You may not go through any cell more than once.

Can you find a way through in which the numbers add to exactly 100?

What is the lowest number you can make going through the maze?

What is the highest number you can make going through the maze? (Remember you may not go through any cell more than once.)

Reading:

Don't forget to read 4 times a week and make sure you ask your parents/carers to sign you home learning book!
