

17/6/22 Lundy Class

We have had a busy first week back.

Our mornings have been filled with English and Maths - practicing skills in both subjects.

Y5 have been focusing on powers of 10 in maths, while Y6 have been revisiting fractions and percentages.

We have also made some amazing clay pots to commemorate the jubilee.

In science we have been learning about seed dispersal.

Home Learning

Y5 and Y6

Reading

We expect you to read 4 times a week - you can read to an adult (as it's always good to read aloud to practise your expression), or talk to your adult about what you have read.

Home learning project:

Create a rainforest in a box! To support our learning about Brazil, research the animals and their habitat they need to survive in the Amazon. Be as creative as you can! This will be a two-week project. We look forward to seeing your designs on Friday 30th June.
