

**17.6.2022**

### **Exmoor home learning**

This week in maths year 5 have been working on their place value skills and year 4 have been working on practicing their column subtraction. In English we have read a new adventure story - *Gregory Cool*. In our clay workshop we designed and created wonderful commemorative vases, which will look beautiful once they have been fired in the kiln.

### **Home learning project (2 weeks):**

Create a rainforest in a box! To support our learning about Brazil, research the layers of the rainforest and the habitat this creates. Include some information about animals that live there and how it is adapted to survive in the Amazon. Be as creative as you can! This will be a two-week project. We look forward to seeing your designs on Friday 30<sup>th</sup> June

### **Reading**

We expect you to read 4 times a week - you can read to an adult (as it's always good to read aloud to practise your expression), or talk to your adult about what you have read.
