

Saunton home learning

11.11.2022

This week we have continued to learn fruit in French and made a French kitchen and rationing station in the classroom. In our English, we have explore using fronted adverbials in our writing to add extra detail. In maths, we have been exploring the use of money and adding different coins to make a given total.

Reading Challenge

We expect you to read 5 times a week - you can read to an adult (as it's always good to read aloud to practise your expression), or talk to your adult about what you have read. Remember to record your reading in the back of your home learning book.

Home learning

Remembrance day

Have a go at making a poppy at home, then we will put them all together to create a class wreath to reflect upon remembrance. There is a poppy template below or you can design your own poppy.

Maths

Have a go at counting up the money you have at home or paying with coins for something in a shop.

Have a go at the interactive coin game linked below
