

Home Learning - Week 11

This week we have continued thinking about Autumn animals and our text has been Owl Babies.

- We have been learning the phonemes f, ff and ss.
- We have been revising all the phase 2 phonemes.
- We have made owl pictures using teared paper. We had to work very carefully.
- We have been writing a letter from mummy owl to her owl babies.
- We have enjoyed exploring the dark den with glow sticks and watching what happens when you put glow sticks in warm/cold water.
- We have been exploring the number 4 and finding different ways of making it.

REMINDER

There will be NO PE KIT needed on Monday as we are unable to use the hall
due to nasal flu vaccinations.

Home Learning Task:

Ask a grown up to help you find out what the word nocturnal means.

Owls are nocturnal. See if you can find out which other animals are nocturnal and draw a picture of your favourite one.
