

### Barum Class - Home learning week ending 11<sup>th</sup> November

In English the children have been learning about questions, statements and exclamation sentences and have generated ideas to innovate the story of No-Bot.

In Maths we have been learning how to collect and record data using tally charts, the children had fun creating a tally chart to collect data of their choice from their peers.

In art, we appraised the artwork of Paul Nash and mixed red and yellow to create a fire colour palate and painted them onto a colour wheel.

We continued our learning about The Great Fire of London and sequenced the most important parts of the event.

**Home learning:** Decorate a poppy for Remembrance Day (see printed template in book bag). You can use colouring pencils, crayons, pastels, paint, collage, glitter... anything you like. Bring your poppy back into school next week and we will use them to make a class wreath.

**Reading:** Remember to keep up with your reading over half term. You can read your guided reading book or share storybooks that you have at home.

Have a great weekend 😊
