

Home learning week 7

This week we have:

- Learnt the sounds **u**, **r**, **h** and the tricky word **the** in phonics and practised blending and segmenting two and three sounds to read and spell words.
- Focussed on finding one more or less than numbers to 10 in maths.
- Retold the story ***We're Going on a Bear Hunt*** using adjectives and interesting language from the story. We learnt what order and sequence mean and sequenced pictures from the story.
- Explored using a stapler and hole punch to change and join paper and card. We also practised using scissors to cut foam, paper, card, cardboard and talked about which material was hard to cut.
- Enjoyed sharing and drawing pictures of our pets ☺

Special Half Term Home Learning: Make a monster lantern using a one pint plastic milk carton or similar. We will be using these on a special 'Monster' event that we have planned for next term. Decorate the outside of your container to look like a monster; you could add eyes, hair, teeth etc, let your imagination run wild. We will provide glow sticks at the 'Monster' event' to light up your lantern.

Reading: Listen and look out for tricky word 'the' over half term, as well as reading your guided reading book.

Have a lovely half term, we look forward to seeing you on Monday 28th
October ☺
