

15/7/22 Lundy Class

The children have coped amazingly with the hot temperatures this week.

We have been using our knowledge of animals to produce books about lifecycles of different species.

We have also been retrieving knowledge from last term to check that our space and light learning is embedded.

In music we have been drumming - the children are really starting to work together now and it's sounding great.

We have been practicing basic maths skills and also developing strategies for solving problems involving probability.

### **Home Learning**

### **Y5 and Y6**

#### **Reading**

We expect you to read 4 times a week - you can read to an adult (as it's always good to read aloud to practise your expression), or talk to your adult about what you have read.
