

Hi everyone,

Sorry to hear that you have tested positive for Covid. I hope you are not feeling too poorly and that you make a quick recovery.

If you are up to doing some school work over the next few days, here are some jobs that you can be getting on with. They are in the order of what I need you to do first:

1. Plan your own story based on the Shadow Cage. Use a story mountain for this, and remember that the tension and atmosphere reaches a peak at the top of the mountain.

There is a word document attached with a story mountain on.

Also there is a powerpoint. Please read through the powerpoint before you start as this will remind you about all the learning we have done.

Here is the success criteria for your story:

Tuesday 19 th October INVENT - Y5/6				
Writing skills to include: <ul style="list-style-type: none">• Link ideas across paragraphs• Speech: Y5 correct punctuation; Y6 show characters fear.• Create suspense - short sentences• Start sentences - subordination• Use commas• Use semi-colons and colons (Y6)	Child			
	Adult			

2. Login to your mymaths and complete the work on division.
3. Choose a times table that you are not so good at. Choose 3 or 4 of the hardest facts in the table then create pictures and realistic stories for the facts to help you remember
e.g. $12 \times 8 = 96$ There were 8 dozen eggs on a table at a market.
