

13/12 /18 Week 14 - Y2

Dear Parents,

Maths - solving solving division problems.

Literacy - learning about poetic devices

Topic - Christmas!

Home Learning

Reading

Read to an adult 4 times over the week and record in the table below:

Date	Title of book	Whole book/ Number of pages

Home learning

Y2 Maths – continue learning the facts for 2X table (you need to know them without having to think about them!)

If you know a multiplication fact which division facts do you know? e.g. $2 \times 3 = 6$, so I know $6 \div 3 = 2$

Over the Christmas holidays we ask for you to perform 5 acts of

kindness for other people. Record what you did and who it was for. Think about how it made that person feel and how it made you feel.
