

School Closure Continuation of Learning Activities

Year 1

Due to national school closures we have collated a range of learning opportunities which allow your child to practise skills we have already learnt. Some of these activities can be worked on as a family, others are year group specific.

Please use your home-learning book to record the work you do, and we will share and celebrate this on return to school.

Handwriting expectations should be as in school – remember: 'Whenever we write, we write at our best'.

We expect the children to read, practise spellings/phonics and do some maths each day. Also, to keep practising writing skills we will expect a short diary entry. Children across the school will be asked to work on a topic based project about Japan (see below for details), this will allow for children with siblings to learn together.

In total this should take 1.5 to 2 hours each day. Please spend any other time playing board games, baking, playing outside, arts and crafts, playing with toys and helping around the house

Japan Project

In anticipation of the Olympic Games in the Summer, we have chosen the Country of Japan as a focus for our project. Please talk with your child about what they would like to learn and generate questions for learning. You may wish to cover food, art, music, festivals, clothing, family life, geography, wildlife, environment, alphabet, houses and homes. Please be as creative as you can in presenting your project – it can be a collection of activities e.g. you might include painting, origami, photographs, writing, drawing, junk modelling. It could also be a book/scrapbook. Here is a link to a website:

Reading

Please select a book from the Oxford Owl Website (Follow the steps below to access your child's book band)

<https://www.oxfordowl.co.uk/for-home/find-a-book/library-page>

Create a login and password for yourself.

Reading

Free E book Library

Levels

Book band (Select your child's book band colour)

Maths

<https://login.mymaths.co.uk/>

Username – tawton

password – power

Select Measurement - Please complete the lesson and online homework.

Yr 1 – Talking about time.

Yr1 – Starting to tell the time.

Yr1 – Comparing time.

Please use the above to learn to tell the time to o'clock and half past. Remember to use the clocks around your house and talk about time in relation to your daily life at home.

Select Number - Please complete the lesson and online homework.

Yr1 – Counting 1

Yr 1 – Odds, evens and multiples.

Please practise counting in 2's, 5's and 10's both forwards and backwards. Look out for objects that you can count around your house using these skills.

Literacy

Each day write a diary about your day at home. You must write in sentences and use your neatest handwriting and make sure you sound out carefully using the sounds that you know. Please do this in your home learning books.

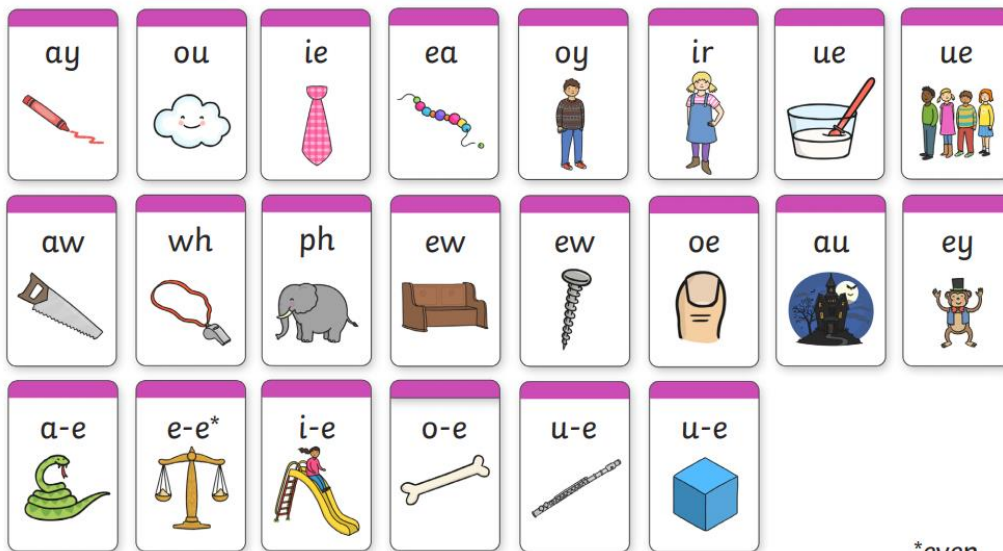

Phonics

Please practise reading and spelling these high frequency words and sounds. You could use magnetic letters, write them in shaving foam, a tray of rice or finger paint, hide them around the room and copy them out. Here are some links to useful websites to support you:
