

Home learning week 25

Thank you for the Road Safety posters we've received so far ☺

This week we have:

- Talked about Mother's Day, what it means and why we celebrate it.
- Thought about something kind we could do for mummy at home.
- Made beautiful Mother's Day cards and written a special message inside.
- Painted a pot and planted a sunflower seed to bring home. We discussed what seeds need to grow.
- Added wheels to our train models using split pins and bottle tops.
- Practised reading high frequency and tricky words without sounding out and learnt the **ear** trigraph in phonics.
- Enjoyed 'sunbathing' and relaxing on the grass, making daisy chains and sharing stories.

Home learning: Read and answer the yes or no questions on level 1, 2 or 3 of this game. Try and read the familiar words without sounding out.

I will be on the year 6 residential on Monday, Tuesday and Wednesday morning next week. The children will have an exciting two days of music and science experiments with Mr Constant! Christine and Cheryl will be in class as usual ☺ I look forward to hearing about their learning when I return on Wednesday afternoon.

Enjoy your weekend ☺
