

Lundy Home Learning - 18/09/2020

Dear Parents/carers,

We have had a busy second week back; working on our times table, exploring different stories, sketching our faces and creating macramé. For your information, we are currently not using Home learning books. The homework which we set will be linked to the learning going on in school will not need to be brought back in to school due to the current situation. Thank you for your understanding with this.

Miss Rhoads

Reading

Read to an adult 4 times over the week.

Find a story about an animal. Read the story and think about the role of the animal in the story. Did the animal cheer up somebody or get another character into trouble.....? Be ready to talk about your story next week in school.

Maths

Think about the times tables you need a bit more practise on and have a go at learning them off by heart. You could use hit the button or create your own game to help you!

In preparation for next week's maths work, please have a look at the following lesson and activities on My Maths:

Number → Number and place value → Y6 place value beyond 10,000

Working Together

We have been introducing the learning power of 'Working Together' this week. Also we have been learning to do Macramé by working together and solving conflict resolution within friendships. Teach your grown up how to do Macramé and work together on it; all you need is a stick and a bit of string (there are simple instructions on the internet if you have forgotten).
