

Barum Class - Home learning week ending 14th January

We have continued our learning based on The Three Little Pigs, retelling the story using actions and expression. We have been learning about onomatopoeia (words that are sounds for example; bang, crash, whoosh) and writing sentences using onomatopoeia.

In maths, we have practised recognising coins and notes as well as adding coins and notes and decided which coins to use to match a given amount.

We have finished our science unit **Animals and Humans**, sorting different foods into food groups and drawing a healthy plate.

In PE we continued our gymnastics unit. In pairs the children explored different ways we can balance using varying numbers of points of balance.

Home learning: To support our Maths learning, practise recognising and adding coins and notes. My Maths will also be set for those that would like to do some extra practise.

Reading: Please keep up with your reading practice at home. We are really seeing a difference in the children who read 4 or more times a week 😊

Have a great weekend! 😊
