

Home Learning - Week 5

This week we have continued to think about the theme of Harvest.

We have read the story of Oliver's Milkshake.

<https://www.youtube.com/watch?v=DKp9JIg6gg8>

- We have sorted fruits and vegetables and used them for printing.
- We have used the fruits to make smoothies. We explored fruits and sorted them and tasted our smoothies.
- We have been learning the phonemes s, a, t and p this week. We have used them to read and write CVC words.
- We have been sorting in maths, deciding which objects are the odd ones out and saying why.
- We also sorted ourselves into groups using different reasons, for example hair colour, cardigans or jumpers etc.
- We have been following 'Dough Disco' to strengthen our fingers and improve our fine motor skills.
- The children have really enjoyed choosing a book to share at home.

PLEASE REMEMBER it's PE on Monday so wear your PE kit into school. You will wear it all day.

Home Learning Task:

Phonics.

Practise the phonemes we have sent home on the snake. T A P S

You could colour them in when you recognise them, cut them up and make simple words or practise writing them. We have sent home a copy of the letters and sounds actions and a letter formation sheet to help you support your child at home.

Any questions, please ask.

Have a happy weekend.

Mrs Clark, Mrs Paul and Cheryl
