

18/9/20 - Exmoor Home Learning

Dear Parents,

We have had a great second week back. At the moment we are currently not using Home learning books. The homework which we set will be linked to the learning going on in school.

Working Together

We have been introducing the learning power of 'Working Together' this week. We have been giving the children lots of different opportunities to develop this skill. One of our favourites has been learning Macrame which required lots of working together!

Task: Teach your grown up how to do Macrame and work together on it; all you need is a stick and two bits of string. (There are simple instructions on the internet if you have forgotten).

Reading

Find a story about an animal. Read the story and think about the role of the animal in the story. Did the animal provide comfort for somebody or get another character into trouble.....? Be ready to talk about the role of the animal in your story next week in school.

Remember to read to an adult 4 times over the week.

Maths

Mymaths www.mymaths.co.uk

Login: tawton

Password: power

Select **Number**, and then choose **Multiplication**. Then select the times table you identified in class you needed to work on.

OR use HIT THE BUTTON an alternative way to practice.
