

Dear Claire,

I greet u in the mighty name of our Lord JESUS CHRIST. How are you there? How were your x-mass and new year celebrations? This way I spent the festive season with my mother and brothers. We entered the new year while praying and it was wawoo!!! Am very glad and happy to inform you that I sat my S-C exams (UACE) and they all went on well though at the beginning I was a little bit afraid and shaking but I thank God who strengthened me when I entered the examination room.

Dear I would like to thank u for the x-mass gift am so happy ☺☺ thank you so much. I bought a pair of shoes, one jean and a shirt. Thank you so much and amigos at large for your support since P-2 upto where I am. (This is how far the Lord has brought us --- Ebenezer). I don't know even how to show how am happy and glad but may the almighty grant you whatever you need mum Clare and Amigos as a group. Am now in my vacation working harder such that I can join university and this vacation I want to start up a salon and a chicken farm God willing. And I pray and have hope that I am going to get higher points, the results are to be released the end of Feb this year. In Uganda we have lost one of the best musician Mozo Radio recently it has been sad news everywhere.

It has been a long journey but all in all you will always be remembered in my life journey because you moved me a big step in life. Am very grateful and blessed.
